- Please do not back your rig more than 12 inches beyond the end of the pavement. More than this will interfere with the sprinklers and mowing.
- Pick-up camper must stay on truck bed.

BE ON THE LOOKOUT FOR UNINVITED GUESTS!

Ants are a natural part of the landscape in Southern California. Because of strict environmental laws in California, we have very limited resources to control them.

TO KEEP ANTS FROM VISITING YOU:

1. Use a household spray such as Black Flag Ant & Roach Killer or ant powder, both available in the camp store.
2. Sprinkle a small amount of ant powder or cleanser, such as Ajax or Comet around the wheels, jacks and hoses. Ants will not cross this.
3. Pick up all food scraps and deposit in trash after each use.

KOA CARE CAMPS**

A Special Gift of Camping

Our KOA campground Owners Association sponsors a special non-profit program for helping children stricken with cancer to discover the thrill of camping. They are called "KOA Care Camps" and a child's stay at a camp is free of charge. There are currently twenty-six camps professionally staffed and with medical facilities not available in an ordinary campground. Even though staff members volunteer their time, expenses for meals, drugs, medical equipment, utilities, transportation and many other items are substantial. Some camps in the KOA program are: Camp Arnes, Manitoba, Canada; Camp Joel, PN; Camp Good Days and Special Times, Happiness is Camping, NY; Camp Good Times, British Columbia, Canada; Camp Hope, KS; Camp Rainbow, AZ; Camp Reach for the Sky, San Diego, CA; Camp Sanctuary, TX; Indian Summer Camp, KY; One Step at a Time, IL;

R.O.C.K. Camp, FL; Sky High Hope Camp, CO; Special Days Camp, MI. If you would like to give a special gift of camping to a child, please leave you in the canister at our registration desk or make your check payable to "KOA Care Camps" and leave it with our staff or send it to:
