Vehicle/RV Parking

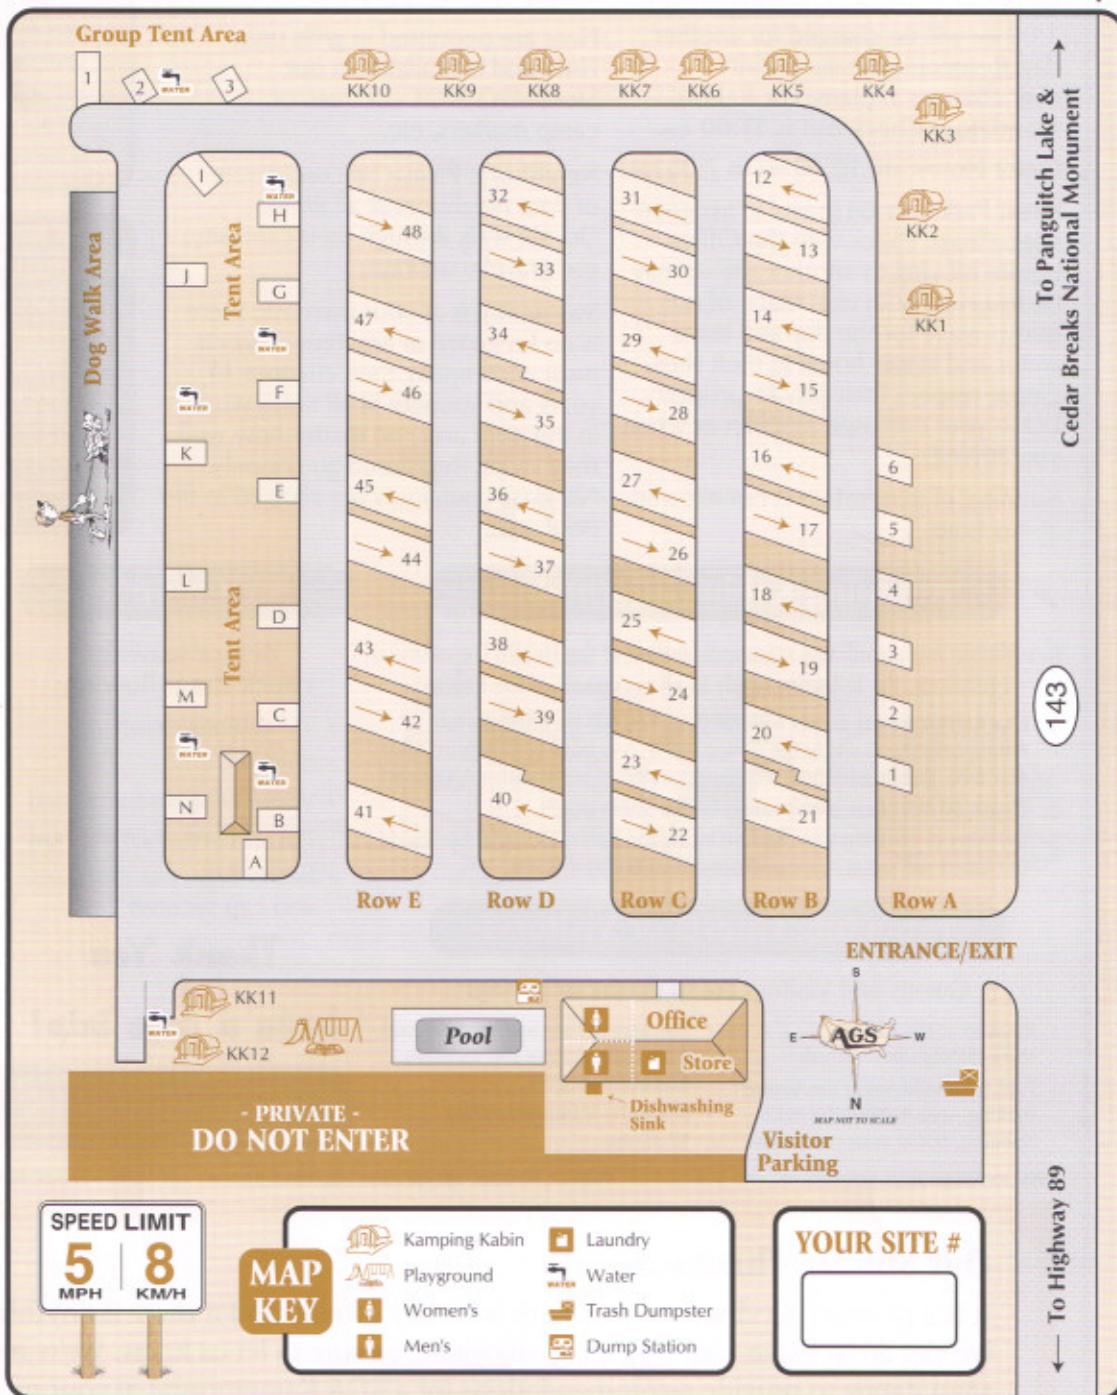

Only one camping unit and one passenger vehicle or truck is allowed per site. All other vehicles must park in the Visitor Parking Area behind the main building.

We assign available sites based upon total length, so that your RV and towing or towed vehicle will fit lengthwise, without parking on the grass or making it difficult for others to park their units. This may require you to park the RV at the front of the site and second vehicle behind. Additional parking is available near the main building.

It is always recommended that you carry a 20-foot or longer sewer hose. The locations of RV drains are not standard (some front, some back), the Kampground facilities are fixed.

Vehicle washing and vehicle repairs are prohibited at your campsite. Please use car wash facilities in town.

Tents are only permitted in the Tent and Group Tent areas, **NOT** at RV or Kabin sites. A fee will be charged for all tents.

Check-out Time:
11:00 AM

Welcome to Panguitch KOA!

Your Hosts,
Bob & Kim Hermann
